Functions of the institutional ethics committee for Biomedical Research on Human Participants is to review and approved all type of research proposals involving human participants with a view to safeguard the dignity, rights, safety and well being of all actual and potential research participants. The goals of research, however important, should never be permitted to override the health and well being of the research subjects.

[Prof. (Dr.) D. Hazarika]

Principal cum Chief Superintendent

Jorhat Medical College & Hospital, Jorhat

Date :- 28/03/2016
